

FINISH OPTIONS

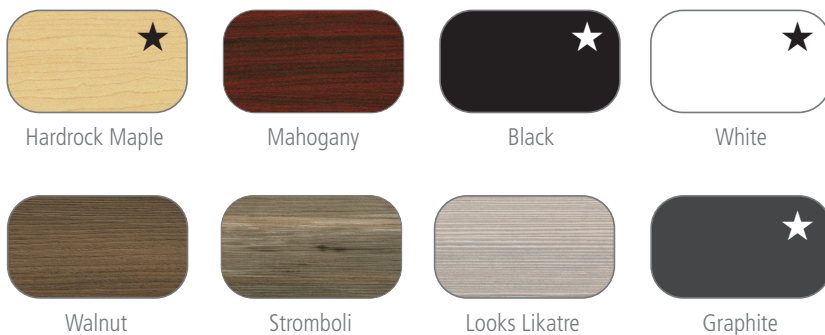

Our thermally fused 1 1/8" high-density laminate worksurface is available in twelve colors, which can be paired with any of our seven PVC Flexedge® edgeband colors (or four 4EVERedge™ seamless options - indicated below).

Upcharge applies to  indicated finish option. Custom colors and high pressure laminate (HPL) available as special order. Contact our RightAngle™ Customer Service team for details.

Worksurface Finishes

Edgeband Finishes

★ Includes 4EVERedge™
(for rectangular worksurfaces only)

This zero-joint edge technology creates a permanent seamless edge, eliminating the ugly glue line that can capture bacteria and dirt.
